

FundScape Report

The FundScape Report is a proprietary investment screening tool that analyzes manager performance against peers across three key quantitative categories: Return, Risk and Portfolio factors.

We've developed a single, comprehensive investment management report that will be made available to you on a quarterly basis via the [Sentinel Online Vault](#). By better organizing data and improving the fiduciary management process, we believe your investment committee will be able to make prudent and concise investment decisions more easily.

THE FUNDSCAPE REPORT INCLUDES:

- Matt's Market Update
- Market & Category Returns
- Plan Details
 - At-a-Glance
 - Plan Asset Summary
 - Lifestyle Portfolio usage (*if applicable*)
- Style Analysis
- FundScore and FundScore Tracking Reports
- Investment Management Report
- Investment Options Notes
- Glossary
