

Ordering Debit Cards

Employees may order additional/replacement debit cards through their online account at sentinelgroup.com or by calling our Service Center at (888) 762-6088. Instructions for ordering cards online can be found on the Employee Help Center by clicking [here](#).

The Employer Portal does not currently offer the functionality for plan sponsors to order debit cards. If you need to order a debit card on behalf of an employee please contact your account manager.
